

Peak Pressure Indicator EPM-Peak

for 4-stroke Diesel Engine application

- High accuracy
- Battery charging from PC via USB port
- Excellent price performance ratio

Application:

- 4 stroke Diesel engines: 200– 1500 RPM

Technical-data

Measuring range	0...300 bar
Accuracy (EPM-Peak unit incl. CPS sensor)	+/- 1 % full scale
Max. temperature at measuring cell	300 °C
Storing capacity	200 measurements
Interface	USB
Battery	1 * E-Block re-chargeable NiMH
Weight incl. sensor and adaptor	1100 g
Dimension incl. protection cover	210 x 100 x 80 mm

Scope of supply

EPM-Peak

- EPM-Peak unit incl. protection cover
- CPS cylinder pressure sensor(1m length)
- Battery 1 x E-Block NiMH re-chargeable
- USB connecting cable
- Thompson adaptor(W27x1/10") incl. mounting tool

Part no.

IW-1540

Option

Visualisation software for Pmax—and Pmax balance diagram IW-1541
